Tr The Young Choir, or School Singing Book eriginal and selected, by Win. B. Brathury, and C. W. Sanders. The attention of Teachers is particularly re-posted to the following notices, just received by the pub-NEW-YORK, October 25, 1841.

Mesers. Dayton & Saxton—Gentlemen—I have examined your value? Is little musical publication," The Young Choir," and feel gratified to be able to express my unconditional approbation of the same. It is just the thing wanted for juvenine classes; and I hope it may be widely and exemsively patronized.

Lair respectfully yours,
Late vocal Leaser of the N.Y. Sacrod Music Society.
Mesers. Dayton & Saxton—I have received the copy of The Young Choir," by W. B. Bradbury and C. W. Sanders, and I have examined it thoroughly and with great pleasure. The music is chaste and simple two great excellences in a musical work. The arrangements well deep sed and executed, and I know of no work of the kind better calculated to do good. The work also containeringly of the "Elements of music," to answer all purpose for youth. ess for youth.
I doubt not but it will afford satisfaction to schools for

children and youth, and I hope it will obtain a general us C. P. SMITH, Mayor of Brooklyn. October 20, 1841.

TT A Letter from Dr. Lardner on the SUBJECT OF LIGHT.

New York, Oct. 20. 1841.—At the desire of Mr. James C. BOOKER, No. 465 Broadway, I have examined a Patent Lemp sold by him, and submitted it to experimental trising the usual Photometre methods and have found that when the burner acts with its greatest power the light yielded is equal to about twenty one sperm candles of octainary quality. After the this illumination the consumption of Porter's Chemical Oil proceeds at the rate of the eighth part of a pint per hour, which, at seventy-five else per gallon, gives a cost of 11.6 cent per hour.

In the practical use of these Lamps it will not be advisable to push them to their maximum power of illumination. If it be assuighed that they are adjusted to give a light equal to two-thirds of their greatest illumination.

ation. It it be assumed that they are adjusted to give a light equal to two-thirds of their greatest illumination, the saving as compared with an equal quantity of light obtained from sperm candles would be about fourteen nundred per cent.

nundred per cent.

1 find it proper to observe, also, that the light afforded by these Lamps is remarkable for its heaviness and uniformity, and for the pureness of its color, which is entire by free from the pullid hue which randers gas, as usually manufactured, objectionable. The combustible, also, rises so freely from the reservoir to the burner that the Lamp possesses all the advantages of Carcel's principle without its complexity or its hability to get out of order.

DION LARDNER.

A silver medal was awarded the subscriber at the late Fair for this Lamp and Light.
Lamps, Fluid, and Chemical O'l always on hand.
J. C. HOOKER, 466 Broadwa
dl8 3teod between Grand and Broome

Died:

In this city, Dec. 22, of inflammation of the lungs, supervening in whooping cough, Serah Topham, daughter of Dr. John X. and Margaret S. McComb, in the 6th year of her see

of Dr. John M. and Margaret S. McComo, in the order of their seg.

The friends and acquaintances of the family are respectfully invited to attend the funeral on Friday, (to morrow) 24th, at 3 o'elock, from No. 273 Greenwich street.

In this city, on Dec. 22, after a long and painful illness.

Cyrus, son of Seneca and Isabella Alger, aged 10 months.

The friends of the family are respectfully invited to attend her funeral on Thursday, 23 inst. at 1 P. M. at 125

Franklin street. Her remains will be taken to Williamshure for interment.

In this city, Dec. 21, in the 3d year of his age, Samuel At Rome, Oncida county, on the 17th inst. Alexander Lynch, Esq. aged 52 years.
